Intellectual
Disability**
智障人士

What is the reason for selecting the rehabilitation setting?

menti.com

The voting code 4834 7491

Early Education and Training Centre Parents Resource Centre

- Disabled children from birth to six.
- It is designed mainly for disabled children from birth to the age of two, providing them with early intervention programmes with particular emphasis on the role of the disabled child's family.
- Disabled children aged two to under six can also receive the service if they are not concurrently receiving other pre-school rehabilitation services, which will facilitate their integration into the mainstream education system.

People Ex-mental Illness (People in Recovery PIR)

- Mental illnesses are medical conditions that disrupt a person's thinking, feeling, mood, ability to relate to others and daily functioning.
- Serious mental illnesses include major depression, schizophrenia, bipolar disorder, obsessive compulsive disorder (OCD), panic disorder, post traumatic stress disorder (PTSD) and borderline personality disorder. The good news about mental illness is that recovery is possible.
- Mental illnesses can affect persons of any age, race, religion, or income.

Halfway House

It provides a transitional period of residential care to facilitate ex-mentally ill persons to achieve an optimal level of functioning for the purpose of community reintegration.

Referrals can be made by social workers to the Central Referral System for Rehabilitation Services of the Social Welfare Department.

Monthly fee: \$1,171 (\$1,220 taking effect from 1 October 2018)

嚴禁吸煙
NO SMOKING

Integrated Community Centre for Mental Wellness (ICCMW)

- To enhance the social support and re-integration of the ex-mentally ill persons into the community
- Through the one-stop and integrated service mode, the ICCMW provides one-stop, district-based and accessible community support and social rehabilitation services ranging from early prevention to risk management for discharged mental patients, persons with suspected mental health problems, their families / carers and residents living in the serving district through a single-entry point.

Community Rehabilitation Network

Provide community-based rehabilitation services for persons with chronic illness and their family members

- Community Rehabilitation Services
- Patients' Mutual Help Development
