Audio and Video Recording Consent Form

Purpose

The recording will be used to facilitate students and supervisors to review and improve students' quality of work.

Regulations

1. All information will be handled confidentially and the recording will be deleted after the reviewing process;
 2. It is up to the service users to decide whether they would agree to participate in an audio or video recording; service users also reserve the rights to terminate such recording and prohibit the use of such recording for any purposes;
 3. Appropriate services should be provided regardless of whether the service users agree to participate in the recording.
-

I/We have read and understood the purpose and regulations of this consent form and agree to be video-recorded and/or to have my interview audio-recorded.
